¶3. (SBU) BEGIN TEXT OF LETTER

Excellency,

Please allow me at the outset to express my confidence that your dedication and determination to make the change envisaged by the new US Administration will help you achieve brilliant success in your mission. The peoples of the Middle East and the Muslim World at large pin genuine hopes on the new Administration and believe that your direct and constructive engagement in the peace process would bring

about positive results towards reaching everlasting and comprehensive settlement of the thorny Arab-Israeli conflict.

Nevertheless, the hopes of the nations in the regions are challenged by serious concerns over the ongoing developments in East Jerusalem especially the Israeli settlement activities which have manifestly escalated during the past few months. Of special concern for the Organization of the Islamic Conference and its 57 member states have been the massive settlement construction and expansion in addition to the large-scale home demolition of Palestinian-owned buildings which seek to de-populate East Jerusalem of its indigenous Palestinian inhabitants while at the same time bring more Israeli settlers to the occupied City.

The Israeli act of demolishing Palestinian homes in occupied East Jerusalem is a systematic violation of the relevant provisions of international law, particularly the Fourth Geneva Convention, and relevant United Nations resolutions. In addition to its illegal nature, Israel's plan has harmful consequences for peace and security in the region. I do believe that these acts violate the principles of the Middle East Peace Process, unilaterally prejudice the future of East Jerusalem and jeopardize the prospects of the two-state solution, not to mention putting at stake international efforts to establish peace in the Middle East.

There is no doubt that when President Obama and yourself are exerting strenuous efforts to emphasize justice and lawfulness as components of the new US foreign policy, and when you are laying the ground for a new partnership and engagement with the Islamic World, continuation of these illegal settlement activities in the Occupied East Jerusalem in violation of international law and peace commitments will not help achieve our ultimate and common goal of peace and

security. Therefore, I would like to call upon you to use your good offices to bring pressure to bear on the Israeli government to stop its settlement activities, halt its plan to demolish Palestinian homes and to refrain from carrying out such illegal acts. I avail myself of this opportunity to renew to Your Excellency my highest consideration.

Ekmeleddin Ihsanoglu

In handwriting: with my cordial sentiments and best regards
